

By Joseph B Rosenbach, Edwin a Whitman, Paul Kirchner

Ishi Press, United States, 2015. Paperback. Book Condition: New. 216 x 140mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Twenty-six years after the appearance of their tour de force in Fine's College Algebra, the editors at Ginn and Company wanted to follow up with a new, alternative course in classical algebra that would not be quite as detailed or exhaustive as Fine's book. The combination of the two books would thereby satisfy the needs of a larger and more varied audience for Ginn and Company's exceptional series of titles in mathematics. To accomplish this mission, Ginn Company engaged Professor Joseph Rosenbach (1897-1951) chairman of the mathematics department at the Carnegie Institute of Technology and his colleague in the same department, Professor Edwin Whitman (1887-1978). The result of their collaboration was a superbly organized and eminently appealing text book and the next great classic in algebra to be published by Ginn and Company, in 1931 - College Algebra by Joseph Rosenbach and Edwin Whitman. With its wealth of cogent utilitarian explanations and thoroughly motivated illustrative examples while achieving pristine clarity and insightful depth in its theoretical discussions, the book is an ideal general course that...
