

Some Principles of Human Intelligence and their Application

By Robert A. Sayre

Biblioscholar Nov 2012, 2012. Taschenbuch. Book Condition: Neu. 246x189x4 mm. This item is printed on demand - Print on Demand Neuware - Human intelligence (HUMINT), which is the oldest of the intelligence disciplines, has through the course of the twentieth century, been less emphasized by the U.S. Army relative to the technical disciplines of signals intelligence (SIGINT) and imagery intelligence (IMINT). HUMINT should remain a key component of an intelligence system, as it can cue and be cued by the other disciplines and combine with them to be more effective than any of them would be by itself. Additionally, the Army is involved in low- and mid-intensity campaigns around the world and Army doctrine for these types of operations identifies the importance of HUMINT in their conduct. Army leadership has expressed dissatisfaction with the current state of Army HUMINT and stated that it needs improvement. In order to make such an improvement, principles of HUMINT are necessary so that the HUMINT system and its components--including the individual HUMINT collectors--may be properly designed or trained. Such principles may be derived from writings of theorists and practitioners of HUMINT. All of the civilizations of the ancient world practiced HUMINT in one form...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
